General Terms of Sale and Delivery for Export

1. Validity of the General Terms of Sale and Delivery

- a) The following General Terms of Sale and Delivery are valid for all business contracts between ourselves and our customers, including future contracts, unless specifically agreed otherwise and confirmed in writing or by telex.
- b) Any deviations from these terms which may appear in order forms or orders from customers have no validity. Such deviations are not binding to us even when they are not explicitly declared invalid by us or even when we execute a delivery on receipt of an order containing such deviations.
- c) All verbal agreements or arrangements, as well as all alterations or extensions to contracts confirmed in writing or telegraphically, require a written agreement or telegraphic confirmation.
- d) All contracts with our customers are binding when confirmed in writing or telegraphically. This confirmation may also be given at the same time as the invoice is received. Until the confirmation has been given, our offer is without obligation and not binding.
- e) All items are sold as individual items of the General Terms of Sale and Delivery. There is no way affects the validity of any other item.
- f) All items which the seller offers are manufactured by the company of the seller. The seller guarantees that all items are of highest quality and precise fitting. All goods offered by the seller are goods which are offered for the purpose of being used as spare parts. Part numbers of other manufacturers are only mentioned for comparison purposes.

2. Terms of delivery

- a) Our prices are quoted in EUR. The agreed prices are based on the current purchasing prices, standard wages and salaries, customs duty, freight costs and other social costs. Should these costs increase after the contract has been confirmed, we reserve the right to raise our prices accordingly.
- b) Special packaging is accounted to cost price.
- c) We reserve the right to bill for costs incurred in producing test components together with the cost of tooling for such components.
- d) Partial shipments are permissible.
- e) Our delivery times are accurate to the best of our knowledge at the time of quotation. Call contracts and scheduled deliveries require a special delivery agreement in all cases. If a contracted delivery period is exceeded by more than 3 weeks for reasons which are our liability, the customer is entitled to withdraw the contract after a further 3 weeks period of grace.
- f) For contracts which consist of several partial shipments, the later delivery of a partial shipment does not imply any alteration in rights for the remaining shipments of the contract. For call contracts we reserve the right to purchase raw materials for the complete contract at our discretion and to manufacture the full contracted quantities for small and medium lots immediately. Any alterations made after confirmation of contract without written confirmation therefore cannot be accepted.
- g) We reserve the right to deliver within 10% above or below the contracted quantities.
- h) Returned goods can only be accepted with our prior agreement to the return.
- i) In the event of bankruptcy or insolvency, the execution of a statutory declaration (or affidavit) in accordance with § 807 ZPO, payment difficulties or the notification of a considerable prepayment in the customers pecuniary circumstances, give us the right to halt delivery immediately and to refuse to complete running contracts.

3. Risk liability

- a) All shipments are made at the customer's risk.
- b) Our liability ceases as soon as the goods have been correctly delivered to the railway, carrier or transport company, or have been loaded onto our own, or the customer's vehicles.
- c) If a customer does not take delivery of a shipment within a reasonable period of grace, or refuses to accept a shipment within a reasonable period of grace, or refuses to accept a shipment, or if a shipment cannot be dispatched for more than 1 month from the agreed delivery date, for reasons which are not our liability, then we are entitled to return the goods to our warehouse company at the customer's cost and liability. We are entitled to levy storage charges at 75% of the equivalent storage charges levied by a storage company. If the delivery or production is hindered for reasons for which we are neither responsible nor liable, for example force majeure, war or civil unrest, operational breakdowns or traffic stoppages, lack of raw materials or labour, strikes or lock-outs, whether in our plant or a supplier plant, then we are no longer bound by our liability for delivery, and we are also entitled to halt delivery without subsequent delivery period.

4. Warranty

- a) We warrant good quality and careful execution of the supplied goods for a period of 12 months from date of handing over respective goods to customer or the third party which is responsible for transportation or shipment of respective goods. This warranty exclusively comprises the lack of defects in material and workmanship for the aforementioned period. We are obliged to repair or replace defective parts for the duration of the warranty period on our own expense. Defective parts shall be sent to us by customer solely on his own costs, especially by carriage paid. Credit of the parts shall be reserved. Our warranty does not cover natural wear of components. We are not liable for damage or consequential damage caused by misuse, neglect, excessive use or failure to follow operating instructions. Our entire warranty shall expire immediately when changes or repairs are made without our written consent. Warranty claims under Section 437 German Civil Code which can be claimed in addition to the warranty liability of the supplier shall expire after one year from delivery of the goods.
- b) Claims for deficiencies or defects which are obvious must be made in writing immediately, at the latest within 10 days of receipt of the goods, accompanied by a detailed description of the deficiencies or defects.
- c) Claim for hidden defects or deficiencies must be submitted immediately upon detection, at the latest within 10 days of their discovery, together with a detailed description of the defect or deficiency.
- d) In the case of justified defect claims made within the appropriate period of grace, the goods will be either repaired or replaced at our discretion whereas excluding any further claims. If we decide to replace the goods, the defective shipment becomes our property. If justified claims are also made against the repaired or replacement goods, and if further repair or replacement is not deemed acceptable, then the customer has the right to cancel the contract or reduce the sale price to be reduced correspondingly. The cancellation or reduction is only applicable to those items which have been the subject of repeated justified claims. The carriage costs incurred as a result of these guarantees clauses will be carried by us. § 476 (A) BGB is inadmissible.
- e) Our statements in regard to the terms and scope of delivery, application (e.g. dimensions, weight, hardness and characteristics) are purely descriptive and do not constitute guaranteed characteristics. The values quoted are intended for guidance and unless specifically agreed to the contrary, they are subject to the variations typical for such quotations in the trade. The characteristics are only considered guaranteed insofar as they have been specifically determined by us on samples for the particular customer application. Minor deviations from such samples or prior shipments, which do not detract from the usability for the projected application, are not considered as justified claims and are not subject to the warranty conditions.
- f) In particular the following cases are not subject to the guarantee: When the shipment is used for purposes other than those for which the contract was made, natural wear, incorrect handling by the customer or third parties, such as incorrect storage, storage beyond the normal store life, incorrect installation etc., defects in the component or machine in which the goods are installed (e. g. defective sealing surfaces), the use of incorrect materials, e. g. liquids to be sealed, lubricants etc..

5. Patents and protected rights

- a) All tools, samples, designs, drawings, cost estimates and similar documents, remain the unrestricted property of our company, even when the appointed costs have been billed to the customer. Our rights of use and title are retained. We are not duty bound to return machine tools longer than a reasonable retention period. The above mentioned items may not be made available to third parties without our express permission. Drawings and other documents which constitute a part of the contract are to be returned to us on request, in particular in those cases where we are not awarded the contract.
- b) Insofar as we have produced and delivered the contracted goods from drawings, models or samples, provided by the customer, the customer is responsible for ensuring that the protected or patent rights of third parties are not contravened. If third parties prevent us manufacturing or delivering as a result of such rights, then we are entitled to stop production or delivery immediately without to clarify the legal situation and to claim damages against the customer. Independent of the above, the customer is bound to free us from all claims caused by contravention of third party protected or patent rights.

6. Retention of title

- a) We reserve the right of title to the delivered goods until all vested interests from the business association, such as interest, auxiliary claims and any legal cost are recovered, including the costs of a third party notice resulting from the attachment of the goods by third parties. A seizure of the goods must be performed by the customer.
- b) If the customer fails in arrears in payment, we are entitled to reclaim the right of ownership to the delivered goods as a precaution. This claim and its execution do not constitute withdrawal from the contract, neither does a claim that the delivered goods in question be stored separately and given identification marks.
- c) The customer's rights on resold or reused items from such reserved goods are already waived in our favour, together with all auxiliary rights, regardless of whether the goods have, or have not, been processed in any way or the goods have been sold to third parties, then our rights are transferred to the payments due or received from such third parties. The customer is only entitled to use the reserved goods for his normal business operations. This entitlement does not apply to cases under section 2 (1)

7. Terms of payment

- a) Unless otherwise agreed, payment is due within 30 days of the date of invoice, in full without deductions.
- b) Unless otherwise agreed, the payment is automatically in arrears on the 30th day after the date on invoice (§ 294 (2) BGB). Interest at 5% above the Federal German bank rate will then be charged. We reserve the right however to make further arrears claims, if necessary.
- c) Unless otherwise agreed by the customer, payments will always be assumed to be made against the longest outstanding invoice, including any auxiliary claim amounts due against such invoices.
- d) Cheques and bills of exchange are only accepted in payment by prior arrangements and under consideration of all collection costs and discounts, and they are only accepted in payment.
- e) Discounting against our delivery invoices is only allowed in cases where our debt is not disputed or if such a debt has been legally awarded to the customer against us.
- f) Withholding of payment by the customers not permissible.
- g) Should the customer's pecuniary circumstances decline e. g. if a letter of exchange or cheque is not honoured, or when insolvency action is taken against him, or the commencement of equity proceedings, then we are entitled to demand prepayment. At the same time all existing payments due, including those for which we have received letters of exchange, become due for payment immediately.

8. Exceptions to rights of indemnity

No rights of indemnity of any type exist against us, our legal representatives, servants, and employees, insofar as is legally possible, in particular for cases of minor negligence. It is irrelevant whether such cases are infringements of contract or auxiliary duties such as customer consultancy either verbal or in writing, infringement of obligations at the time of awarding of contract, or due to other unauthorised actions as well as damages consequent on deficiencies, damages due to delays, and any damages due to defective construction. These liability regulations apply equally to our advice, either verbal or in writing, resulting from trials or any other means. Such advice does not exempt the customer from the need to make contributory trials. All claims for damages made against us, regardless of legal basis and regardless of the question of responsibility, lapse 6 months after delivery of the goods, or completion of the plant or other services.

9. Data protection

We are authorized to collect and save data for the purposes of our business electronically as provided for by the regulations of the Bundesdatenschutzgesetz.

10. Applicable law

The legal relationships between ourselves and our customers are exclusively based on German laws. This applies equally to the drawing up and execution of the contracts. The provisions of UN sales of goods law will not apply.

11. Place of jurisdiction and place of delivery

- a) The place of delivery for all shipments and settlements is Schwarzenbek. The place of settlement for all payments is Schwarzenbek.
- b) Place of jurisdiction is Schwarzenbek for all letters of exchange, cheques and certifications, when the customer is the sole buyer, without damage to our right to utilize the customer's local courts should we desire it.
- c) If any individual provision of these terms and conditions becomes void this will not affect the validity of the remaining provisions. The void provision will be replaced by the applicable legal provision.
